Zweigles Red Hot: This hot dog has a traditional German frankfurter flavor profile and is made from pork and beef. Its NOT spicy... 😊

Zweigles White Hot: 'Porker', a natural casing product based from an old Zweigle's family recipe for Weiswurst, which in German means white sausage. It is white because it is uncured which means there are no added nitrates or nitrites. It is made from pork, beef and veal along with a blend of savory spices.
